# Stepping Stones Learning Center

We offer year-round child care programs for children from birth to 12 years of age.

## Owner / Operators

Christa Tillman & Cheryl (Tillman) Baker both have degrees from the University of North Texas in Early Childhood Education and have over fifteen years experience each in this field. They are committed to quality and excellence in a learning, not a babysitting environment.

# Our Curriculum

Toddlers are nurtured and cared for in a safe, stimulating environment. They are involved in daily structured activities that emphasize language development, self care, socialization, physical development, and exploration.

In a play environment, preschool children interact to develop skills and learn concepts. Through stories, drama, music, art, and learning centers the children make discoveries, learning to become aware of self and others and to communicate about their world.

Pre-Kindergarten 4 year old and young 5 year old students interact in small groups and in learning centers. Numbers and letters are introduced through use of "big books", rhymes, and games. "Real life" experiences (cooking, sewing, housekeeping, record-keeping, etc.) provide opportunities for developing reading and math skills.

Our infants are provided for in a warm, loving setting with knowledgeable caregivers. They are nurtured in a stimulating environment where they are allowed to learn and grow at their own pace.

Tammy Small with Small Bytes for Kids provides classes for our 3-4 year olds to help them learn and improve their computer skills. Age-specific curriculum encourages and captivates these young children. They learn to use a keyboard and mouse to accomplish tasks using their own computer. More information is available at [www.SmallBytesForKids.com](http://www.SmallBytesForKids.com).

Terri Maguire with Building Blocks for Learning provides optional classes spe-

cializing in helping children learn to read, to pronounce words correctly, and to be reading-ready for school. More information is available at [www.BuildingBlocksForLearning.org](http://www.BuildingBlocksForLearning.org).

# Admission

- 1) The parent/guardian has an initial interview with the Childcare Director or designated staff member.
- 2) Your child may be requested to participate in the program for one-half day for evaluation by teaching staff.
- 3) Completed documentation forms are presented by the parent/guardian.
  - Agreement with Stepping Stones Learning Center
  - Enrollment Application
  - Bank Draft/Credit Card Draft or other financial arrangements
  - Parent Acknowledgement of "A Parent's Guide to Child Care"
  - Discipline and Guidance Policy
  - Bus Rules
- 4) The parent/guardian is notified of acceptance or non-acceptance of child via a letter or phone call from the Director of Education.

# Assessments

Informal assessments are used for the purpose of recognizing strengths and planning programs for academic development. Yearly evaluations, with developmentally appropriate skills, will be done in the fall for each child to assess their strengths and weaknesses.

# Our Rates

|  | Full Time | Drop-in/Part Time<br>(call for availability) |
|--|-----------|--|
